The exception to the rule that there is no such thing as a perpetual motion machine ... his official title is executive assistant to the president ... as such, he has traveled thousands of miles to tell "the Creighton story" to strangers ... and to remind alums of Creighton's needs. ... the people not to make bets with ... they know the score. Finance ... marketing ... accounting ... all go into the make-up of these future business men, who now have a great advantage over other students in financial matters. Dr. Floyd E. Walsh, Dean of these collegiates, sees to it that those students go into the business world with the principles of modern business, as well as the ability to put these principles into practice. Gives the community business men with ethical principles ... and they make their mark for Creighton ... and will continue to do so ...

... Anatomy ... bacteriology ... histology ... metallurgy ... prosthetics ... all this work to look down in the mouth all day? Well, when we retire we can always pose and make statements for toothpaste ads. Students find that the dental school has an excellent library containing 3,342 volumes ... "Yeh, and I did research in every one of them." Dean James Pence ... efficient, with the ability to inculcate a professional attitude ... sees that student is not merely a dentist, but an educated, cultured man, fully realizing his moral obligations, developed spiritually, intellectually, physically. Students get most valuable training through their clinic service ... "ouch!" ... easy Doc ... "

School of Law

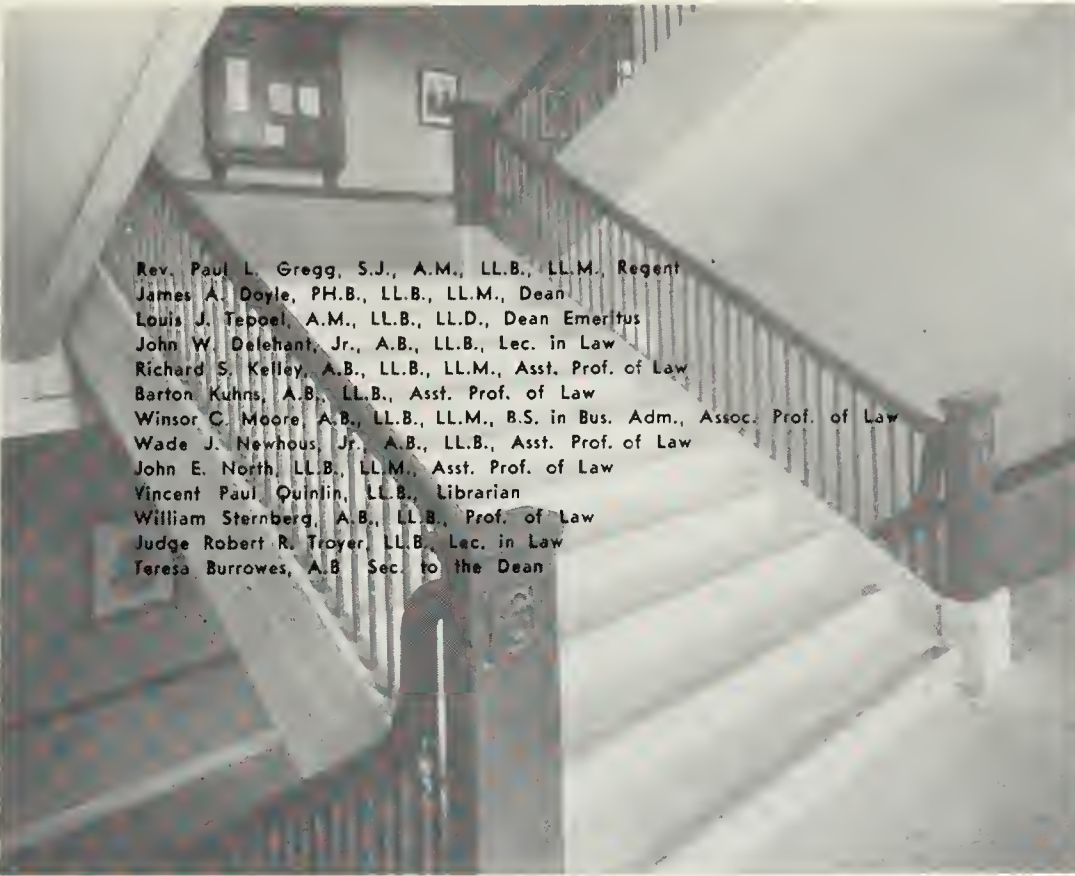

. . . Celebrating its Golden Year — fifty years of providing Omaha and the nation with barristers grounded in civil and criminal law and, more important, with a practical knowledge of the moral law. Requirements for admission — three years of Liberal Arts . . . a good average . . . intelligence . . . and once in — research, never ending research . . . “with a library of 40,000 volumes “I’ll *never* get to the bottom of this.” James A. Doyle, Dean, and Rev. Paul Gregg, S.J., Regent, stress that the purpose of the school is to give students not only practical knowledge of common law, but also the history, the ethics, the development of the “legal-mind” that goes with it. School sponsors Legal Aid Clinic to those financially unable to afford legal counsel . . . wonder if I could sue my professor for mental cruelty . . .

At Right: Laddie Kuzela congratulates Bill Dunn upon his appointment as second semester editor.

STEP ONE: Getting the story. Here Barb Rew gets one of her award-winning interviews from Bill Finegan.

No News is Bad News

In the picture above, the first and second semester editors of *The Creightonian* offer mutual congratulations . . . but perhaps they could just as well be offering, in a sense, condolences, for each knows what the weekly publication of the campus chronicle involves . . . there is no let-up in the continued routine of getting stories . . . writing and rewriting them . . . correcting proofs . . . and making up pages . . . The pictures on these two pages trace the steps taken before the paper is "put to bed."

STEP TWO: Writing the story. Around the copy desk are Bud McConaughy, Rita Brennan, Rochelle Roeder, Bill Dunn, Ann Verret, Mary Ann Collier, Kae Kirkwood, Les Hausner, Barb Rew, Laddie Kuzela, Jean Thirtle and Carol Shepherd.

STEP THREE: Checking the proofs. Mr. Dolphin offers a suggestion as galley proofs are read by Carol Shepherd, Anne Verret, Rochelle Roeder, Marg Ryan, Bill Fogarty, Vern Torczon, and Bob Gisler.

STEP FOUR: Making up the pages. At the *South Omaha Sun* plant are Bob Gisler, Roy Cowan, Mr. Dolphin, Rochelle Roeder, Anne Verret, Mary McGrath, and Carol Shepherd.

STEP FIVE: The final check. Bill Dunn and Laddie Kuzela prove that this is an honor that is not without hours of hard work and overtime.

 Mission Superiors
 explaining the
 club's work.*

Reverend Fathers, Sisters, and Christians:

The Xavier Forum wishes you a Merry Christmas and a Happy New Year.

Many miles separate us, yet especially at Christmas time we feel near to you and your noble work. Although we are unable to be with you in person, you are always in our prayers.

Each member of the Xavier Forum of Creighton University, Omaha, Nebraska, when joining the group, selects a day of the month on which he or she offers Holy Mass, Holy Communion, all joys, works, and sufferings for the intention of the missions. This day is kept each month and the practice continues throughout life.

Our meetings are held monthly. The highlight of each meeting is a missionary speaker, a movie informing us about missionary activities, or some other function which enables us to keep in contact with the mission field. In our common night prayers we always remember you.

It is at this joyous season that we reassure you of our continuous prayers.

May the Christ Child bless all your endeavors and may His Blessed Mother be your constant joy, inspiration and helper. During Marian year may she make you another Mary that brings thousands to Christ.

Asking your blessing, we are yours in Our Lord.

Sports Odds 'n' Ends

This collage, titled "Sports Odds 'n' Ends", features a variety of black and white photographs. At the top left, a basketball game is in progress with several players on the court. To the right, a basketball player wearing jersey number 64 is shown in action. Below these, a baseball player in a uniform with a "C" on his cap is captured in a sliding motion on the field. Another baseball player, also in a "C" cap, is shown in a separate photo. The collage includes several portraits of students, some in formal attire like bow ties. Other photos show basketball players in action, a student looking up in surprise, and a large group of students sitting in bleachers, likely at a sporting event. The images are arranged in an overlapping, scrapbook-like fashion.

Epilogue

this is it

. . . the 1954 Bluejay

. . . we are glad to give it to you. After all the benzedrine and aspirin tablets, pleading, praying, crabbing, fretting, yelling, begging, asking and answering questions, taking pictures, retaking pictures and re-taking pictures and . . . retaking pictures, it is now finished . . . thank goodness. We say "thank you" to those who cooperated so wonderfully, and to those who didn't cooperate, we promise we'll forget. We are thankful for the friends we've made and sorry about the many we've lost. So, here it is, for you to like or dislike, to be proud of or to complain about. If it only serves as a useful and pleasant reminder of your years at Creighton, we will consider our task accomplished.

The Editors

Credo of Creighton

We believe in God

We believe in the personal dignity of man

We believe that man has certain rights which come from God and not from the State

We therefore are opposed to all forms of dictatorship, holding that the "total man" (totalitarianism) belongs to the State

We believe in the sanctity of the home - the basic unit of society

We believe in the natural right of private property, but likewise that private property has its social obligations

We believe that Labor has not only rights but obligations

We believe that Capital has not only rights but obligations

We are vigorously opposed to all forms of "racism" - - persecution or intolerance because of race

We believe that liberty is a sacred thing, but the law, which regulates liberty, is a sacred obligation

We believe in inculcating all the essential liberties of American Democracy and take open and frank issue with all brands of spurious "democracy"

We believe, briefly, in the teachings of Christ, who held that morality must regulate the personal, family, economic, political and international life of man if civilization is to endure

... Keep us who love you, in all things one ...
